

## Join us for a Webinar

In order to make the online process easier for you, we can assist with the following topics:

- Overview
- Registration
- Completing the assessment online for a single location or multiple locations
- DiagnosticSite Certification

---

## We also currently have the following online tutorial below to view at any time!

DiagnosticSite Online Tutorial: This 14 minute tutorial will review the registration and assessment process along with a brief program overview. New participants are encouraged to view the tutorial.
